# LOCATION OF HOTEL WEISSENSTEIN

---

Located on the eponymous mountain of the city of Solothurn, Hotel Weissenstein sits at an elevation of 1284 meters above sea level. It surprises with its privileged location and an extraordinary view over Switzerland. Positioned at the end of the Jura Mountains, you can enjoy an idyllic panorama over the Swiss Midlands to the majestic Alpine massif. The view stretches from Säntis to the highest mountain in Europe, Mont Blanc.

Since its construction in 1827, the former spa resort has been one of the most well-known and beloved destinations in the region.

Following a comprehensive renovation and the addition of the glass panoramic hall, Hotel Weissenstein has been shining anew in a fresh and modern light since August 1, 2019, without losing its roots.
