LOCATION OF HOTEL WEISSENSTEIN

Located on the eponymous mountain of the city of Solothurn, Hotel Weissenstein sits at an elevation of 1284 meters above sea level, offering a stunning view over Switzerland. Positioned at the end of the Jura mountain range, it provides an idyllic panorama of the Swiss Midlands all the way to the majestic Alps. From the Säntis to the highest peak in Europe, the Mont Blanc, guests can admire this breathtaking scenery.

Since its construction in 1827, the former spa hotel has been one of the most well-known and beloved destinations in the region.

Following extensive renovation and the addition of the glass panoramic hall, Hotel Weissenstein has been shining in a fresh, modern light since August 1, 2019, while still maintaining its historical roots.
